

100 DAYS - 100 CHALLENGES

The top 100 Patrols from Challenge 100 received the following 100 Challenges to complete in 100 days. If your Patrol wasn't lucky enough to make the Top 100 they can still have a go at completing the 100 Challenges outside of the competition.

We realise that 100 challenges in 100 days probably isn't feasible. The idea is to pick & choose and for the Scouts to do their best! Some of the Challenges at first glance may appear quite difficult – however, thinking outside of the box will help a Patrol to complete many of these challenges. Encourage your Patrols to be imaginative and creative!

GOOD LUCK!!!

Good Luck with completing your challenges! If you have any questions please email webmaster@challenge100.org.uk.
